# ABOUT RT24

## ELECTRIFYING THE WORLD BEYOND REAL TIME.

OPAL-RT's 16th annual conference on real-time simulation will take place in the vibrant city of Rio de Janeiro, Brazil on September 19th. RT24 will feature a range of hands-on workshops, keynote, and technical sessions covering a wide range of topics including **power systems, energy conversion, eMobility**, and more.

The conference will also offer a unique opportunity for attendees to network and socialize with their peers, see cutting-edge demonstrations, and learn from industry leaders. It will provide attendees with the knowledge, skills, and connections they need to **advance their careers and stay up-to-date with the latest advancements in real-time simulation.**

The slogan "**Electrifying the World Beyond Real Time**" reflects the essence of RT24's commitment to fostering an environment that encourages innovation and that will help the world build better and more sustainable solutions. Whether you're an expert or a newcomer to the field of real-time simulation, RT24 is the perfect conference to take your ideas to the next level and energize your career.

RT24 welcomes anyone who has an interest in the role of Real-Time Simulation in the design and validation of electrical, power electronics, and mechanical systems found in today's power systems, vehicles, aircraft, and industrial manufacturing facilities.

# PROGRAM AT A GLANCE

Explore the latest trends and innovations in Real-Time Simulation for Power Systems.

Join us for RT24, OPAL-RT's Regional Conference, as we delve into the forefront of real-time simulation technologies and applications. This year, our conference will focus on the following key subjects:

- Converter- Based Energy Resource
- Cybersecurity
- Distribution
- FACTS & HVDC
- Microgrid
- Substation
- Transmission

**Stay tuned for our detailed agenda, coming soon!**

Don't miss this opportunity to connect with industry experts, explore cutting-edge solutions, and stay ahead of the curve in real-time simulation!
