

# PROGRAM AT A GLANCE

---

**Mark your calendars for November 7<sup>th</sup> to 8<sup>th</sup>, 2024, in  
Edinburgh and be part of RT24 !**

Explore the latest trends and innovations in Real-Time Simulation for  
Power Systems and Onboard Electronics.

Join us for RT24, OPAL-RT's Regional Conference, as we delve into the  
forefront of real-time simulation technologies and applications. This year,  
our conference will focus on the following key subjects:

- Power Hardware in The Loop
- Power System Simulation
- HVDC Interconnections in Europe/United Kingdom
- Penetration of Offshore Wind
- RMS and EMT Co-Simulation
- Protection around the penetration of IBR in the grid
- Cybersecurity
- On board Power System / Electronics

**Stay tuned for our detailed agenda, coming soon!**

Don't miss this opportunity to connect with industry experts, explore  
cutting-edge solutions, and stay ahead of the curve in real-time  
simulation!

**Electrifying the World Beyond Real Time !**
