

PROGRAM AT A GLANCE

**Mark your calendars for 19th of November 2024,
At D&V Electronics' Detroit Technical Center in Michigan and
be part of RT24 !**

Explore the latest trends and innovations in Real-Time Simulation for
Automotive and Cyber securities.

Join us for RT24, OPAL-RT's Regional Conference, as we delve into the
forefront of real-time simulation technologies and applications. This year,
our conference will focus on the following key subjects:

- Powertrain Electrification: Motor Control
- Powertrain Electrification: Battery Management System (BMS)
- Interconnection studies around inverter-based resources
- Physical Cyber Security
- Advanced Power Electronic control
- Integration of DER and Microgrid

Stay tuned for our detailed agenda, coming soon!

Don't miss this opportunity to connect with industry experts, explore
cutting-edge solutions, and stay ahead of the curve in real-time
simulation!

Electrifying the World Beyond Real Time !

PROGRAM AT A GLANCE

Michigan, United State

19th November	
09:00 - 10:00 AM	Conference and Demonstration
10:00 - 11:00 AM	
11:00 - 12:00 AM	
12:00 - 01:00 PM	Networking Lunch
01:00 - 02:00 PM	
02:00 - 03:00 PM	Conference and Demonstration
03:00 - 04:00 PM	
04:00 - 05:00 PM	
05:00 - 06:00 PM	
06:00 - 07:00 PM	
07:00 - 08:00 PM	Networking Dinner
08:00 - 09:00 PM	
After 09:00 PM
